MARCH GENERAL MEETING PRESENTER

Back by popular demand, Karen Knutson has taught numerous times in Green Valley. Her demo on Thursday, March 9th will feature how to paint a Funky Lady.

“There’s Something Fishy about Mary” is an example. These are really fun drawings that can be easily used for cards later, or framed as a small painting which will bring a smile to whoever views it. They are whimsical paintings and her students are always giggling while painting them! If you’d like to follow along, bring a paper and pencil to the demonstration. Another bonus for her demonstration will be sharing the process of making your own stamps by using matte board. In the painting, “Modeling”, you can see the stamping technique she uses. In Karen’s workshop, “Painting Textures in Acrylic- People Paintings”, students will actually be painting with a credit card. You will have to sign up for the workshop to learn this process, and there are still a few spaces remaining. Karen likes to make her workshops fun and easy. Come ready to have a good time!

Painting Textures with Acrylic - People paintings

And last but not least, one of our favorite instructors, Karen Knutson, will teach **Painting Textures with Acrylic - People paintings**, March 13 - 16. Have you always wanted to paint figurative work but have been afraid to do so? Karen will demonstrate painting people in this workshop. No drawing experience is necessary! Karen will show you shortcuts to make drawing people really easy! This workshop will concentrate on how to get many textures that only acrylic allows. She will show students how to use rubbing alcohol, different surface textures, and many other tricks to come up with special effects. Each painting will have about 4 layers to produce these effects. Design tips will also be discussed, since the backgrounds are very important parts of these textured paintings. This has been one of Karen's most popular workshops, and Karen's GVR classes always fill up.
